

Moelven purchase logs and timber products. We purchase products and services according to our Social Policy (part of [Code of Conduct](#)) and Environmental Policy (now called [Policy for Sustainability](#)). Moelven operates with third parties according to our General Purchase Conditions (A short version will be published soon).

Moelven adhere to [EUTR](#) and [UKTR](#). Moelven are manufacturer and supplier of timber products and are classified as “Operator” and “Trader” under the European Union Timber Regulation ([EUTR 995/2010](#)). See our [EUTR Supplier Consent Letter](#) or [UKTR Supplier Consent Letter](#).

Purchased raw materials to Moelven’s exporting saw- and planingmills in Sweden and Norway must not originate from:

- Illegal harvests.
- Forests with a high preservation value.
- Forests where time-honoured or social rights are violated.
- Forests where genetically modified organisms has been introduced in forestry operations.
- Natural forest that has been cut for the purpose of using the area for plantations or non-forest use.

ILO Core Conventions are covered in our [Code of Conduct](#).
