

## DECLARATION OF CONFORMITY

The undersigned, representing the  
Brenstol LLC  
herewith declares that the

### Solid wood panelling and cladding

#### Characteristic

#### Performance declaration

Species:	Common alder ( <i>Alnus glutinosa</i> ) Grey alder ( <i>Alnus incana</i> )
Intended use	For internal use
Density and range of thickness	530, 8,5-15mm
Reaction to fire	D-s2, d0
Emmission of formaldehyde	E1
Water vapour permeability	73 $\mu$
Thermal resistance	0,135 W/m K
Sound absorption	250 Hz to 500 Hz = 0,1; 1000 Hz to 2000 Hz = 0,3
Biological durability	Class 5

is in conformity with the provisions of the EC Directive 93/68/ECC when intended to be used for solid wood panelling and cladding, and that Annex ZA of  
**EN 14915.2006**  
has been applied.
